Mt. Cuba Center provides gardeners with trusted information on native plants that support wildlife throughout the Mid-Atlantic region. From 2015–17, Mt. Cuba tested the performance of several different species of native phlox along with their related cultivars. These sun and shade phlox species received an outstanding rating (out of 5) for their beautiful floral display, foliage quality, powdery mildew resistance, and more.

**Phlox paniculata**

- Phlox paniculata ‘Jeana’
  Avg HxW: 60” x 48”
  Bloom time: mid July–early September

- Phlox paniculata ‘Glamour Girl’
  Avg HxW: 36” x 30”
  Bloom time: early July–late August

- Phlox paniculata ‘Delta Snow’
  Avg HxW: 48” x 40”
  Bloom time: early July–late August

**Phlox x arendsii**

- Phlox x arendsii ‘Babyface’
  Avg HxW: 32” x 32”
  Bloom time: late July–late August

**Phlox paniculata**

- Phlox paniculata ‘Lavelle’
  Avg HxW: 48” x 36”
  Bloom time: early July–early September

- Phlox paniculata ‘Robert Poore’
  Avg HxW: 60” x 48”
  Bloom time: early July–mid August

- Phlox paniculata ‘Dick Weaver’
  Avg HxW: 50” x 36”
  Bloom time: early July–late August

- Phlox paniculata ‘David’
  Avg HxW: 34” x 24”
  Bloom time: early July–early August

**OTHER SUN PHLOX SPECIES**

- Phlox carolina ssp. carolina ‘Kim’
  Avg HxW: 24” x 48”
  Bloom time: late May–mid June

- Phlox stolonifera
  ’Fran’s Purple’
  Avg HxW: 8” x width increased 1–2’ per year
  Bloom time: April

- Phlox carolina
  ‘Bill Baker’
  Avg HxW: 24” x 36”
  Bloom time: late May–early June

- Phlox glaberrima
  ‘N3 Tashce refo hakof’ (N3 Springfall)
  Avg HxW: 28” x 36”
  Bloom time: mid June–early July

- Phlox stolonifera
  ‘Sherwood Purple’
  Avg HxW: 12” x width increased 1–2’ per year
  Bloom time: April

- Phlox carolina
  ‘Forever Pink’
  Avg HxW: 24” x 32”
  Bloom time: late May–mid June

- Phlox glaberrima
  ‘Morris Berd’
  Avg HxW: 24” x 36”
  Bloom time: late May–early June

- Phlox carolina
  ‘Bill Baker’
  Avg HxW: 24” x 36”
  Bloom time: late May–early June

- Phlox stolonifera
  ‘Home Fries’
  Avg HxW: 12” x increase 1–2’ per year
  Bloom time: April

- Phlox glaberrima
  ‘Pink Ridge’
  Avg HxW: 10” x width increased 1–2’ per year
  Bloom time: April

- Phlox divaricata
  Avg HxW: 44” x 36”
  Bloom time: early June–mid July

- Phlox amplifolia
  Avg HxW: 44” x 36”
  Bloom time: April–May

- Phlox ‘Minnie Pearl’
  Avg HxW: 24” x 36”
  Bloom time: late May–mid June

- Phlox divaricata
  ‘Blue Moon’
  Avg HxW: 24” x 32”
  Bloom time: late May–mid June

**SHADE PHLOX**

- Phlox stolonifera
  ‘Fran’s Purple’
  Avg HxW: 8’ x width increased 1-2’ per year
  Bloom time: April

- Phlox stolonifera
  ‘Sherwood Purple’
  Avg HxW: 12’ x width increased 1-2’ per year
  Bloom time: April

- Phlox stolonifera
  ‘Pink Ridge’
  Avg HxW: 10’ x width increased 1-2’ per year
  Bloom time: April

- Phlox stolonifera
  ‘Home Fries’
  Avg HxW: 12’ x increase 1-2’ per year
  Bloom time: April

- Phlox divaricata
  Avg HxW: 18’ x 40’
  Bloom time: April–May
